TERMS & CONDITIONS

INDUSTRIAL RAPID DOOR – FOR CUSTOMERS

WARRANTY

- Rapid Door Models **PE01, SP01, CAD01, FR01 and CL01** are covered by a **2-year warranty on parts and labour or 100,000 cycles (whichever occurs first)**. During the warranty period, NBE Australia will, at its discretion, repair or replace defective NBE-supplied components covered under this warranty.
- Labour, travel and access costs associated with warranty attendance are included only where the installation and preventative maintenance have been carried out by NBE Australia in accordance with the applicable warranty conditions. Otherwise, such costs may apply.
- The **ES01 Essential Rapid Door** is supplied with a **12-month standard warranty**. Extended warranty and cycle-based warranty provisions do not apply unless expressly stated in the quotation.
- Excludes damage arising from misuse, unauthorised modification, accidents, neglect, normal wear and tear, incorrect operation, power supply irregularities, environmental conditions, or failure to meet installation requirements.
- This warranty does not cover consequential loss, production downtime, loss of profit, temporary access arrangements, hire equipment, or any indirect or incidental costs arising from equipment failure or warranty repairs.
- NBE Australia reserves the right to inspect the equipment and determine the validity of any warranty claim prior to carrying out warranty work.
- This warranty is provided in addition to the consumer guarantees under the Australian Consumer Law and does not exclude, restrict or modify any rights or remedies that cannot lawfully be excluded.
- Routine adjustments and normal wear items, including seals, brushes, guide wear strips and similar consumable components, are not covered except where failure results from a manufacturing defect.
- Any warranty work carried out does not extend or restart the original warranty period.

QUOTATION CONDITIONS

- **Site inspection:** All proposals are subject to a site inspection and confirmation of project scope.
- **Lead time:** Typically 4–6 weeks from order and site inspection, subject to material availability.
- **Progress payments:** May apply; final payment is due upon completion.
- **Approved account customers:** payment terms are strictly net 30 days.
- **External storage**: costs may be charged where delays are caused by the customer.
- **Standard curtain material:** PVC (900 g/m^2); alternative materials may incur additional costs.
- **Standard frame:** Galvanised steel; powder coating or stainless steel are available at extra cost.
- **Variations:** Any variation to the agreed scope of works, including customer-requested changes or additional work arising from unforeseen site conditions, restricted access, structural variations, or services not identified prior to installation, may result in additional charges and/or revised completion dates.
- **Cancellation:** Orders for custom-manufactured products cannot be cancelled once production has commenced. Cancellation before production commences may be subject to administrative or restocking charges.

INSTALLATION CONDITIONS – CUSTOMER RESPONSIBILITY

The customer must ensure the following prior to installation:

- **Unloading & storage:** safe unloading and storage of equipment on site.
- **Lifting equipment:** forklift with licensed driver, and scissor lift or cage (with forklift).
- **Site readiness:** clear access, full traffic stop, structural readiness of opening (concrete, steel, or insulated panel), and removal of obstructions (bollards, coving, services, etc.).
- Notification of floor/wall deviations or site conditions subject to wind pressures exceeding 80 km/h.
- Trimming and sealing of the rapid door to the wall structure.
- Cutting, cleaning, and sealing of induction loop grooves in the concrete floor, with notice of rebar or wiring nearby.
- **Electrical supply:**
  - Single-phase 240VAC + Earth, 10A (Australian standard), or
  - Three-phase + PE 415VAC, 20A (Australian standard).
- Provision of a weatherproof, lockable GPO or isolator.
- The customer's licensed electrician must connect the control box to the isolator.
- Permits/approvals from councils or relevant authorities.
- 240V power and water access available during installation.
- The control box must be installed in a dry, temperature-controlled environment (-4°C to +50°C).

TERMS & CONDITIONS

INDUSTRIAL RAPID DOOR – FOR CUSTOMERS

BUSINESS & OPERATIONAL CONDITIONS

- **Business hours:** Installation is performed during standard business hours, unless otherwise agreed.
- **Force majeure:** NBE Australia is not responsible for delays to manufacture, delivery or installation caused by events beyond its reasonable control, including supplier delays, transport disruptions, industrial action, severe weather, natural disasters, government restrictions or other force majeure events.
- **Site induction:** Quote includes a 30-minute site induction; additional time is chargeable.
- **Union status:** NBE Australia is not affiliated with union or subcontractor associations, and does not operate under EBA agreements.
- **Contract terms:** NBE Australia does not accept retention monies, indemnities, liquidated damages or other punitive contractual clauses unless expressly agreed in writing.
- **Insurance:** We provide public liability insurance, WorkCover, OHS policy, and SWMS upon request.
- **Specialist contractor:** NBE Australia acts solely as a specialist door manufacturer and installer, not as a building contractor.
- **Additional site visits:** Additional site visits resulting from incomplete site readiness, customer delays or variations may be charged at NBE Australia's standard service rates.
- **Governing law:** These terms and conditions are governed by the laws of the State of Victoria, Australia.

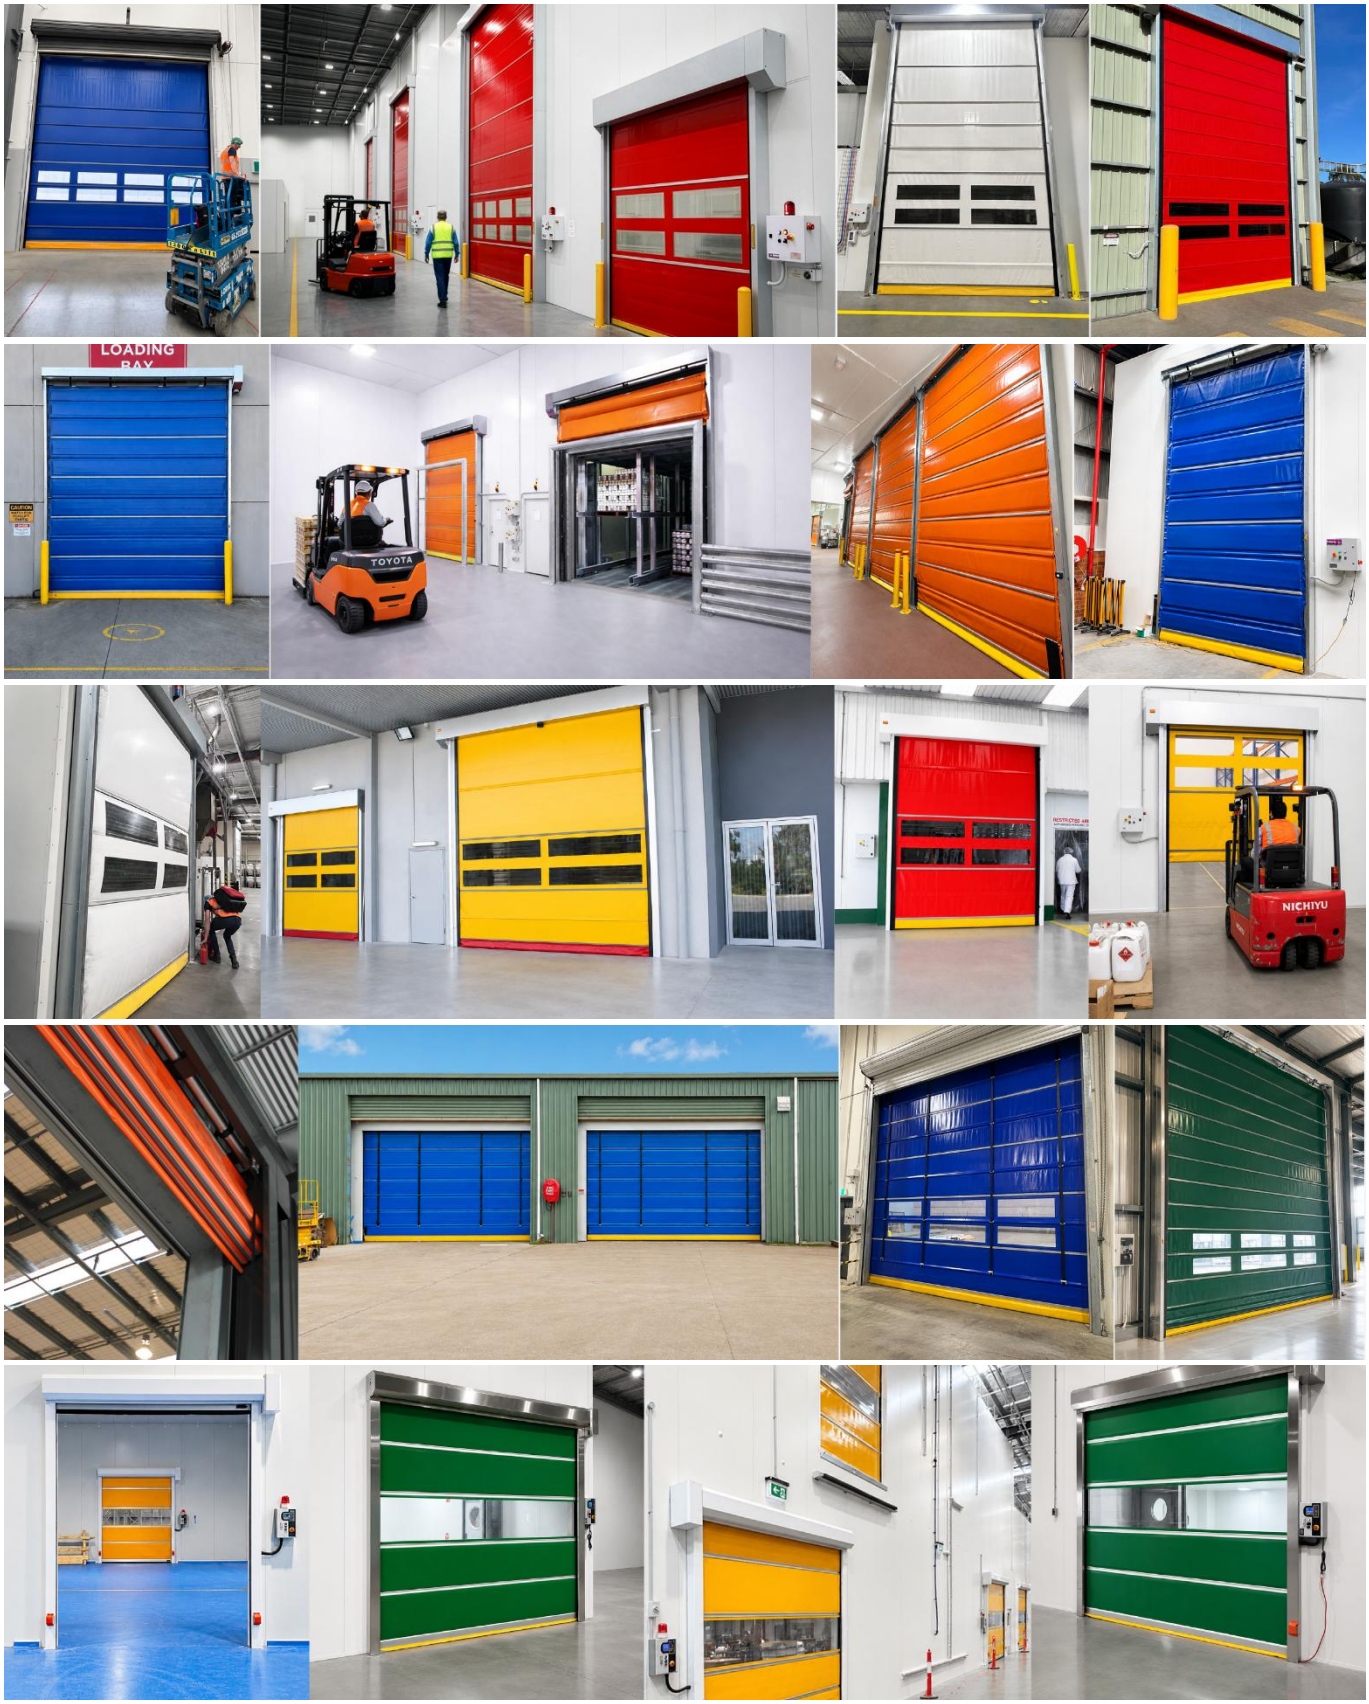

TITLE & PAYMENT OWNERSHIP CLAUSE

- **Ownership:** All goods remain the property of NBE Australia until paid in full.
- **Risk:** Risk in the goods passes to the customer upon delivery to site, whether or not installation has been completed.
- **Non-payment:** If unpaid after 60 days (or another written agreement), NBE Australia reserves the right to access and remove doors.
- **Activation:** Doors are supplied with an initial operating period of approximately 45 days. Continued operation beyond this period requires final activation upon receipt of full payment.
- **Delayed payment:** Delayed payments may incur reactivation or reprogramming fees.
- **Electrical supply:** Any performance issue reasonably believed to be caused by the customer's electrical supply will be investigated by a qualified inspector.
- **Electrical interference:** If interference is found to be outside Australian Standards, the customer bears the cost of investigation.
