TERMS & CONDITIONS

INDUSTRIAL RAPID DOOR – FOR DISTRIBUTORS

WARRANTY

- Rapid Door Models **PE01, SP01, CAD01, FR01 and CL01** are covered by a **2-year warranty on parts or 100,000 cycles (whichever occurs first)**. During the warranty period, NBE Australia will, at its discretion, repair or replace defective NBE-supplied components covered under this warranty.
- Labour, travel and access costs for warranty claims are **not included** unless expressly agreed by NBE Australia in writing.
- The **ES01 Essential Rapid Door** is supplied with a **12-month standard warranty**. Extended warranty and cycle-based warranty provisions do not apply unless expressly stated in the quotation.
- This warranty applies only to manufacturing defects in components supplied by NBE Australia. Installation workmanship, commissioning, electrical connection, programming, adjustments and site readiness remain the Distributor's responsibility.
- Excludes damage from incorrect installation, misuse, unauthorised modification, accidents, neglect, normal wear and tear, incorrect operation, power supply irregularities, environmental conditions, or failure to meet installation requirements.
- This warranty does not cover consequential loss, production downtime, loss of profit, temporary access arrangements, hire equipment, or any indirect or incidental costs arising from equipment failure or warranty repairs.
- NBE Australia reserves the right to inspect the equipment and determine the validity of any warranty claim prior to supplying replacement components or approving warranty work.
- This warranty is provided in addition to the consumer guarantees under the Australian Consumer Law and does not exclude, restrict or modify any rights or remedies that cannot lawfully be excluded.
- Routine adjustments and normal wear items, including seals, brushes, guide wear strips and similar consumable components, are not covered except where failure results from a manufacturing defect.
- Any warranty work or replacement components supplied do not extend or restart the original warranty period.

QUOTATION CONDITIONS

- **Site inspection:** All proposals are subject to Distributor site inspection and confirmation of project scope.
- **Lead time:** Typically **4–6 weeks** from order confirmation, subject to material availability.
- **Progress payments:** May apply; final payment is due prior to dispatch or in accordance with the agreed trading terms.
- **Approved account customers:** Payment terms are strictly net 30 days.
- **External storage:** Storage, redelivery or handling charges may apply where dispatch is delayed by the Distributor.
- **Standard curtain material:** PVC (900 g/m^2); alternative materials may incur additional costs.
- **Standard frame:** Galvanised steel; powder coating or stainless steel are available at extra cost.
- **Variations:** Any variation to the agreed scope of works, including customer-requested changes or additional work arising from revised project requirements, may result in additional charges and/or revised delivery dates.
- **Cancellation:** Orders for custom-manufactured products cannot be cancelled once production has commenced. Cancellation before production commences may be subject to administrative or restocking charges.

INSTALLATION CONDITIONS – DISTRIBUTOR RESPONSIBILITY

Distributor must ensure the following prior to installation:

- **Unloading & storage**: safe unloading and on-site storage of equipment.
- **Lifting equipment**: forklift with licensed operator, and scissor lift or cage (with forklift).
- **Site readiness**: clear access, full traffic stop, structural readiness of opening (concrete, steel, or insulated panel), and removal of obstructions (bollards, coving, services, etc.).
- Notification of floor/wall deviations or site conditions subject to wind pressures exceeding 80 km/h.
- Trimming and sealing of the rapid door to the wall structure.
- Cutting, cleaning and sealing of induction loop grooves where applicable.
- **Power supply**:
  - Single-phase 240VAC + Earth, 10A (Australian standard), or
  - Three-phase + PE 415VAC, 20A (Australian standard).
- Provision of a weatherproof, lockable GPO or isolator.
- The Distributor's licensed electrician must connect the control box to the isolator.
- Permits/approvals from councils or relevant authorities must be obtained by the Distributor.
- 240V power and water access available during installation.
- The control box must be installed in a dry, temperature-controlled environment (-4°C to +50°C).

TERMS & CONDITIONS

INDUSTRIAL RAPID DOOR – FOR DISTRIBUTORS

BUSINESS & OPERATIONAL CONDITIONS

- **Business hours:** Manufacturing, technical support and warranty assistance are provided during standard business hours unless otherwise agreed.
- **Force majeure:** NBE Australia is not responsible for delays to manufacture or delivery caused by events beyond its reasonable control, including supplier delays, transport disruptions, industrial action, severe weather, natural disasters, government restrictions or other force majeure events.
- **Technical support:** Product information, installation manuals, electrical drawings and technical assistance are available to authorised distributors.
- **Union status:** NBE Australia is not affiliated with union or subcontractor associations and does not operate under EBA agreements.
- **Contract terms:** NBE Australia does not accept retention monies, indemnities, liquidated damages or other punitive contractual clauses unless expressly agreed in writing.
- **Insurance:** Public liability insurance, WorkCover, OHS policy and SWMS are available upon request.
- **Manufacturer:** NBE Australia acts solely as the manufacturer and supplier of the equipment unless installation has been separately contracted.
- **Additional support:** Site attendance, commissioning assistance, training or additional technical support requested by the Distributor may be chargeable at NBE Australia's standard service rates.

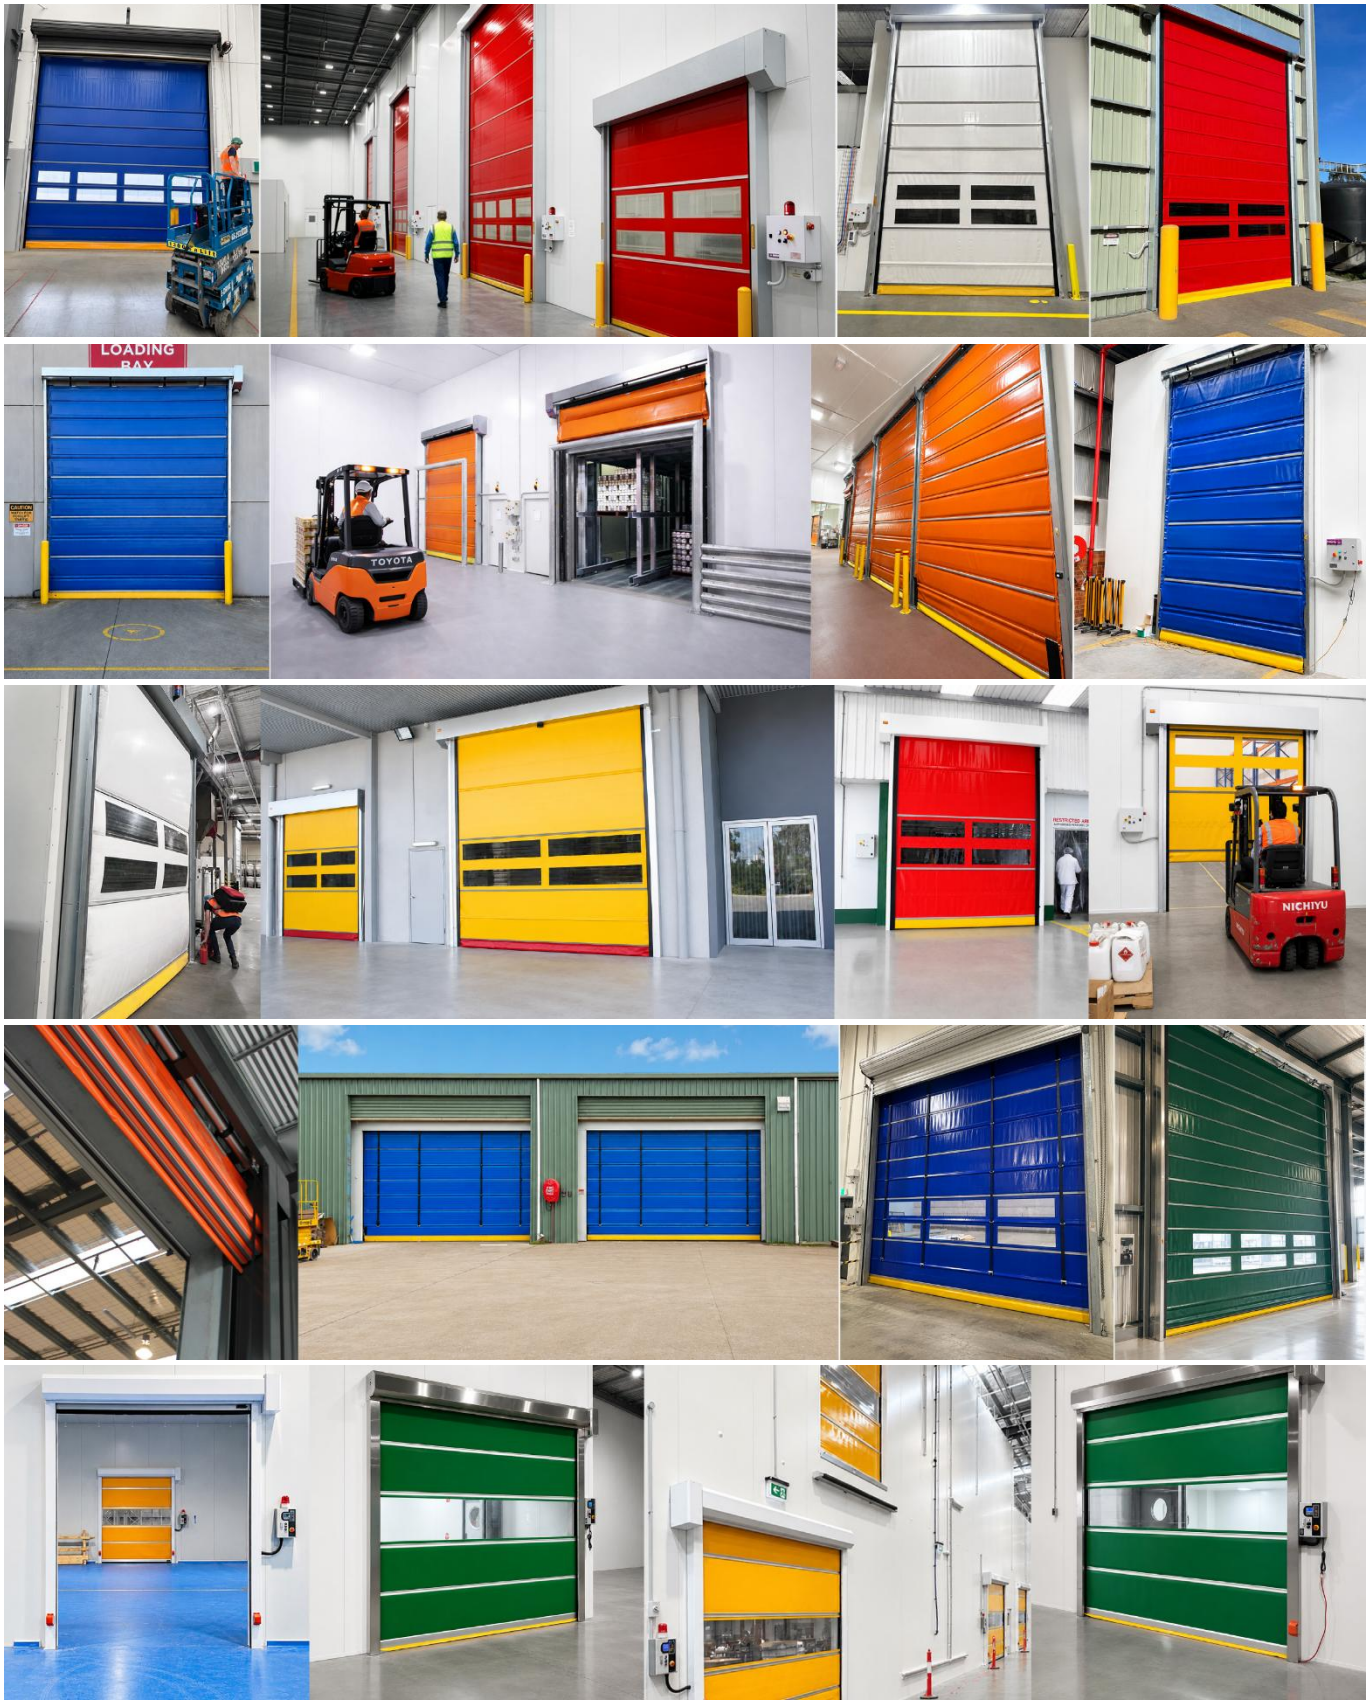

TITLE & PAYMENT OWNERSHIP CLAUSE

- **Ownership:** All goods remain the property of NBE Australia until paid in full.
- **Risk:** Risk in the goods passes to the Distributor upon delivery to the nominated delivery location.
- **Non-payment:** If unpaid after 60 days (or another written agreement), NBE Australia reserves the right to recover the goods or suspend further supply.
- **Activation:** Where applicable, doors may be supplied with an initial operating period of approximately 45 days. Continued operation beyond this period requires final activation upon receipt of full payment.
- **Delayed payment:** Delayed payments may incur reactivation, reprogramming or administration fees.
- **Electrical supply:** Any performance issue reasonably believed to be caused by the installation or site electrical supply will be investigated at the Distributor's expense where no manufacturing defect is found.
- **Electrical interference:** If interference is found to be outside Australian Standards, the Distributor bears the cost of investigation.
